The purpose of FHE is to protect the inalienable right of the parents in the state of Missouri to teach their own children without state regulation or control.

FHE represents and supports the rights of all home educators in the state and is not affiliated with any religious or political organization, or special interest group. We work to win support for home education among the general public and before lawmakers and public officials. Closely monitoring legislative activity in the state capitol, through our registered lobbyist, is one of our most important activities. FHE provides legally accurate information to anyone interested in home education.
